December 1 at Midnight: Provider Portal Upgrade

- New provider portal platform called MPages Reach will replace the existing Gateway
- Existing users will maintain their log in credentials
- The upgrade is a Cerner solution that offers improved functionality and capability
- Broader Resource tool
- New user guide will be posted on the CN website under the “For Healthcare Providers” purple tab

Children's National Provider Portal Upgrade

The image shows a Cerner login interface. At the top left is the Cerner logo. Below it are three input fields: the first contains 'test2', the second contains six asterisks, and the third contains 'PRP135'. At the bottom left is a checkbox labeled 'Remember Username'. To the right are 'Cancel' and 'Log In' buttons.

The image shows a landing page for the Children's National Provider Portal Upgrade. The background features a photo of a healthcare provider interacting with a young girl. The page is divided into three main content areas, each with a 'Learn more' button and a right-pointing arrow:

- COVID-19 PROVIDER RESOURCES**: Access our updated screening guidelines and ongoing updates about the concerns surrounding coronavirus.
- APPOINTMENTS FOR YOUR PATIENTS**: We have implemented new safety protocols for in-person appointments and procedures.
- USING DIRECT MESSAGING**: Refer your patients to us through Direct Messaging, a secure email communication system.

At the bottom right, there is a 'CORONAVIRUS ASSESSMENT TOOL' icon. Below the main content is a navigation bar with the following categories: Visiting & Staying, Specialty Care Patients, Pediatric Primary Care, For Healthcare Providers, Research & Education, and Advocacy & Outreach. At the very bottom is a footer with links: About Us | All Care Services | Locations | Paying Your Bill | Careers | Healthcare Education | News and Events | Contact Us | How to Help | Volunteer.
