Dear Provider Name,

Thank you for allowing our team to share with you information about our Early Intervention Services (EIS) program in collaboration with the DC Health to increase awareness of and scale-up the use of PrEP (pre-exposure prophylaxis for HIV). We truly value this opportunity to work jointly with you to improve sexual and reproductive health outcomes (SRH) among DC youth.

Since our initial meetings, we are excited to hear that you have started taking steps to introduce and prescribe PrEP to your youth patients. We want to ensure that you and your patients access all necessary resources that we offer.

- **For non-urgent PrEP referrals and related questions we also offer a confidential e-mail hub on PrEP – please email PrEPservicesSIS@cnmc.org**
- **Team of dedicated PrEP youth-friendly experienced social workers**
- **Mental health services by our team of HIV/youth psychologists**
