

# Pediatric Cardiology for the Primary Care Practitioner

Developed in partnership with

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN®

**Saturday, August 26 – Sunday, August 27, 2023**  
**Washington DC USA**

Special Two-Day Academy *prior to the*  
8<sup>th</sup> World Congress of Pediatric Cardiology  
and Cardiac Surgery

An Exceptional Opportunity Prior to the  
8th World Congress of Pediatric Cardiology and Cardiac Surgery.

# Pediatric Cardiology for the Primary Care Practitioner

**Saturday, August 26 – Sunday, August 27, 2023 | Washington DC USA**

The Scientific Committee of 8th World Congress of Pediatric Cardiology and Cardiac Surgery has partnered with the Section of Pediatric Cardiology and Cardiac Surgery of the American Academy of Pediatrics.

As the World Congress begins on a Sunday evening, we are able to utilize the Saturday and Sunday prior to the Congress to bring to you a special educational opportunity in our nation's capital.

This 2-day Academy is a unique opportunity for Pediatricians, Family Physicians, Advanced Practice Providers, and others to review key topics regarding cardiovascular health and disease in neonates, infants, children, and adolescents.

*Importantly, while these topics are particularly relevant for general practice, they have been chosen to also serve as a Review for the American Board of Pediatrics Certification and Maintenance of Certification Examinations.*

## **Why is this course so unique?**

Traditionally held every 4 years, the World Congress of Pediatric Cardiology and Cardiac Surgery ([wcpccs2023.org](http://wcpccs2023.org)) is a large international meeting of unparalleled depth, scope and size, affectionately known as “The Olympics of our Profession.” You have the opportunity to learn from and discuss patient management with an internationally renowned faculty from the largest and most experienced programs in the world – who are present in Washington DC for this Global meeting.

The course agenda was developed with the primary care practitioner in mind to review the most common cardiovascular concerns in a busy practice.

Take advantage of this opportunity, you won't be disappointed.

# Saturday, August 26, 2023

8:00am – 10:00am

## The Basics

- The Patient's History  
*Brad McQuilkin, MD*
- Family History -It's all in the Details.  
*Sara Cherny, MS, CGC*
- The Patient's Examination  
*Kerri Carter, MD*
- Heart Murmurs - Distinguishing Innocent From Pathologic  
*Jennifer O'Neil, MD*
- ECG, Echo, or Referral?  
*Michelle Udine, MD*
- Who Should Provide the Medical Home For Cardiac Children?  
*Brian Wolfe, MD*

10:30 am – 12:30 pm

## When To Refer?

- Approach to Chest Pain  
*Farsha Sedaghat-Yazdi, MD*
- Approach to Syncope  
*Elizabeth Sherwin, MD*
- Approach to Palpitations  
*Stephanie Chandler, MD*

- Concerning Family History  
*Peter Dean, MD*
- Cardiomyopathy  
*Anna Joong, MD*
- Heart Failure  
*Reid Thompson, MD*
- ADD/ADHD - Is Treatment Different in Cardiac Patients?  
*George McDaniel, MD*

1:30 pm – 3:30 pm

## My Job As The Primary Care Provider: CHD Potentially Escaping Fetal and/or Newborn Screening

- Atrial Septal Defects  
*Dilli Bhurtel, MD, MRCPCH*
- Aortic Stenosis  
*Erin Madriago, MD, FASE*
- Pulmonary Stenosis  
*Paul Tannous, MD, PhD*
- Patent Ductus Arteriosus  
*Amanda Hauck, MD*
- Ventricular Septal Defects  
*Annette Ansong, MD*
- Coarctation of the Aorta  
*Sandya Ramlogan, MD*
- Vascular Rings  
*Shubbika Srivastava, MD*

4:00 pm – 6:00 pm

## Infections and Inflammation of the Heart – What the Primary Care Provider Needs to Know

- COVID and the Heart  
*Matt Oster, MD, MPH*
- Post-vaccine Myocarditis and Long Covid in Kids  
*Michael Carr, MD*
- Myocarditis/Pericarditis  
*Brittany Graham, MD*
- Endocarditis  
*Conor O'Hallorhan, MD*
- Lyme Disease  
*Rebecca Levorson, MD*
- Kawasaki Disease  
*Ashraf Harahsheh, MD, FACC, FAAP*
- Rheumatic Heart Disease  
*Craig Sable, MD, FAAP*

# Sunday, August 27, 2023

8:00 am – 10:00 am

## What You Need to Know from The Cardiologist's Report

- The Office Letter  
*Tom Chin, MD*
- Echocardiography  
*Sharon Karr, MD*
- CT and MRI  
*Nazia Hussein, MPH, MBBS*
- Fetal echocardiography  
*Sheetal Patel, MD, MSCI, FAAP*
- Exercise Stress Testing  
*Peter Dean, MD*
- Cardiac Cath  
*Jeremy Fox, MD*

10:30 am – 12:30 pm

## Pediatric Cardiology Potpourri

- Obesity: Scope of the Problem  
*Elaine Urbina, MD, MS*
- Hypertension  
*Robert Geggel, MD, FAAP*

- Hypercholesterolemia: Recommendations Now and Moving Forward  
*Guilherme Baptista De Faria, MD*
- Neurodevelopment and CHD  
*Kiona Allen, MD*
- Multidisciplinary Care for the Syndromic Child with CHD  
*R. Tom Collins, MD*
- Exercise and Nutrition – Important or Overrated?  
*Guilherme Baptista De Faria, MD*
- The Pediatrician's Important Role in the Child with Arrhythmia  
*Lajja DeSai, MD*
- The Pediatrician's Role in Advocating for AED's. Everywhere.  
*Victoria Vetter, MD, FAAP*

1:30 pm – 3:30 pm

## Pediatric Cardiology for the Primary Care Practitioner: Screening Children for Heart Disease

- Current Status of Newborn Pulse Oximetry  
*Annamarie Saarinen, MA*
- ECGs – Now, Never, Whenever?  
*Anthony Rossi, MD*
- Screening for Sudden Cardiac Death Prevention  
*English Flack, MD*
- Screening and Treatment Guidance for Peds Dyslipidemias  
*Guilherme Baptista De Faria, MD*
- Genetic Syndromes and the Heart  
*Talha Niaz, MBBS*
- Fetal Echocardiography and Screening  
*Amanda Shillingford, MD*

5:30 pm – 8:00 pm (Optional)

## Opening Ceremony and Reception of the 8th World Congress of Pediatric Cardiology and Cardiac Surgery

8th World Congress of  
Pediatric Cardiology  
and Cardiac Surgery  
AUGUST 27 – SEPTEMBER 1, 2023  
WASHINGTON D.C.

Join us immediately after  
Pediatric Cardiology for the  
Primary Care Practitioner

# Invited Faculty

## AAP Leadership

- **Sandy Chung, MD, FAAP**  
*President, American Academy of Pediatrics  
Fairfax Pediatric Associates, Fairfax, Virginia*
- **Lee Beers, MD, FAAP**  
*Past-President, American Academy of Pediatrics;  
Children's National Hospital, Washington DC*
- **Stuart Berger, MD, FAAP**  
*Division Head of Pediatric Cardiology  
Ann & Robert H. Lurie Children's Hospital of Chicago  
Chair, Section of Cardiology and Cardiac Surgery  
American Academy of Pediatrics*

## National Faculty

- **Ann & Robert H. Lurie Children's Hospital of Chicago (Chicago, IL)**  
*Kiona Allen, MD  
Guilherme Baptista De Faria, MD  
Michael Carr, MD  
Stephanie Chandler, MD  
Sara Cherny, MS, CGC  
Lajja DeSai, MD  
Jeremy Fox, MD  
Amanda Hauck, MD  
Nazia Hussein, MPH, MBBS  
Anna Joong, MD  
Conor O'Hallorhan, MD  
Sheetal Patel, MD, MSCI, FAAP  
Sandya Ramlogan, MD  
Farsha Sedaghat-Yazdi, MD  
Paul Tannous, MD, PhD  
Brian Wolfe, MD  
Joyce Woo, MD, MS*

- **Boston Children's Hospital (Boston, MA)**  
*Robert Geggel, MD, FAAP*
- **Children's Healthcare of Atlanta (Atlanta, GA)**  
*Matthew Oster, MD, MPH  
Ritu Sachdeva, MD*
- **Children's Hospital at Montefiore (New York, NY)**  
*Daphne Hsu, MD*
- **Children's Hospital of Philadelphia (Philadelphia, PA)**  
*Amanda Shillingford, MD  
Victoria Vetter, MD, FAAP*
- **Children's Hospital of Pittsburgh**  
*Christopher Zachary, MD*
- **Cincinnati Children's Medical Center (Cincinnati, OH)**  
*Elaine Urbina, MD, MS*
- **Mayo Clinic Children's Center**  
*Brittany Graham, MD (and Children's Minnesota)  
Talha Niaz, MBBS*
- **Nicklaus Children's Hospital (Miami, FL)**  
*Anthony Rossi, MD*
- **Norton Children's Hospital (Louisville, KY)**  
*R. Tom Collins, MD*
- **Newborn Foundation**  
*Annamarie Saarinen*
- **OHSU Doernbecher Children's Hospital (Portland, OR)**  
*Erin Madriago, MD, FASE*
- **Sunrise Children's Hospital (Las Vegas, NV)**  
*William Evans, MD*
- **Vanderbilt Children's Hospital (Nashville, TN)**  
*English Flack, MD*

# Invited Faculty *Continued*

## Regional Faculty

- **Children's Hospital of Richmond at VCU**

*Dilli Bhurtel, MD, MRCPCH*

*Kerri Carter, MD*

*Brad McQuilkin, MD*

- **Children's National Hospital**

*Annette Ansong, MD*

*Ashraf Harahsheh, MD, FACC, FAAP*

*Gerard Martin, MD, FAAP*

*Craig Sable, MD, FAAP*

*Elizabeth Sherwin, MD*

*Michelle Udine, MD*

- **Inova L. J. Murphy Children's Hospital**

*Pat Callahan, MD*

*Sharon Karr, MD*

*Rebecca Levorson, MD*

*Jennifer O'Neil, MD*

- **John's Hopkins Children's Center**

*W. Reid Thompson, III, MD*

- **Nemours Children's Hospital, Delaware**

*Carissa Baker-Smith, MD, MPH*

*Devyani Chowdhury, MD (and Cardiology Care for Children)*

*Shubbika Srivastava, MD*

- **University of Maryland Children's Hospital**

*Tom Chin, MD*

*Peter Gaskin, MD*

- **UVA Children's Hospital**

*Peter Dean, MD*

*George McDaniel, MD*

*Take advantage of this opportunity, you won't be disappointed!*

Importantly, while these topics are particularly relevant for general practice, they have been chosen to also serve as a Review for the American Board of Pediatrics Certification and Maintenance of Certification Examinations.

	Nurses / Trainees / Allied Health	Physicians
Pediatric Cardiology for the Primary Care Practitioner Symposium	\$ 325	\$ 495

### Target Audience

Paediatricians, Family Physician, Nurses, Advanced Practice Providers and others involved in primary care.

### Desired Outcomes

At the conclusion of this program, participants should be able to:

- Apply key elements of patient history, FH, and physical exam to determine when to treat and when to refer.
- Explain the potential consequences of underlying conditions to differentiate benign from severe.
- Recognize the anatomy and physiology of abnormalities including those that may require an intervention.
- Recommend appropriate updates cardiac diagnostic studies and identify appropriate treatments.
- Describe current approaches to arrhythmias in children and identify applicable approaches.
- Review available ECG screenings and other primary prevention mechanisms and apply current guidelines for lipid screening when appropriate.
- Appropriately diagnose, treat, and refer in the outpatient phase of care.
- Identify and disseminate appropriate resources to patients and caregivers with regard exercise and nutrition.
- Discuss the current knowledge around associated CHD and genetic syndromes.

## Continuing Education Accreditation

For accreditation details on this course, visit the accreditation page at [WCPCCS2023.org](https://WCPCCS2023.org).
